## Lever Operated Compression Tester

### Lever Operated Compression Tester

- SVL-220 test stand with optional distance meter
- DST Digital Force gauge (specify range)
- Maximum load 220 lbf (100 kgf)
- Stroke 2"
- Maximum clearance 9" (or 14" with optional extender plate)

Our digital lever operated compression tester offers the rapid action of a lever test stand. It can be equipped with a digital distance meter. The lever action allows for quick repeatable compression force testing. Imada DST force gauges are available in capacities of a few ounces up to 220 lbf. Consult our engineers for custom applications.
