Wheel Operated Compression Tester

Wheel Operated Digital Compression Tester

- HV-110 test stand
- DST Digital Force gauge (specify range)
- Generous work area can accommodate a wide variety of samples
- Suitable for tests where a high degree of control is required
- Maximum load 110 lbf (50 kgf)
- Max clearance 9" (with extender 14")

The Model HV-110 offers the precise control of a hand wheel test stand. The HV-110 measures both compression and tension without any conversion and is equipped with a precision digital distance meter. IMADA force gauges are available in capacities of a few ounces up to 110 lbf. Consult our engineers for custom applications.
