# 20 Kg FORCE GAUGE RS232

Model: FG-20KG-232 *ISO-9001, CE, IEC1010* 

### **FEATURES**

- \* Tension & compression capability.
- \* 20 Kg, wide capacity, high resolution, high accuracy, high repeatability.
- \* 3 kind display unit, Kg/LB/Newton.
- \* Separate sensor.
- \* Peak hold (Max. load) measurement.
- \* Zero button can operate both for normal & " peak hold " operation.
- \* Full capacity zero (tare) capability.
- \* Fast/Slow response time.
- \* Positive or reverse display direction.
- \* Hand held & stand mounting.
- \* Microprocessor circuit & exclusive load cell transducer.
- \* Over load protection.
- \* RS-232 computer interface.

### With RS232 computer interface

## **20 Kg FORCE GAUGE**

Model: FG-20KG-232

| FEATURES  |  |  |  |
|---|--|--|--|
| * Wide capacity, high resolution, high accuracy,        | * Positive or reverse display direction select.    |  |  |
| high repeatability.                                     | * Full line accessories ( adapters ) are included. |  |  |
| * 3 kind display unit.                                  | * Hand held & stand mounting available.            |  |  |
| * Tension & compression capability .                    | * Low power consumption gives long battery life.   |  |  |
| * Peak hold ( Max. load ) can be held in display during | * Build in low battery indicator.                  |  |  |
| make tension or compression measurement.                | * Microprocessor circuit & exclusive load cell     |  |  |
| * Zero button can operate both for normal measuring     | transducer.  |  |  |
| & the " peak hold " operation.                          | * Over load protection.                            |  |  |
| * Full capacity zero (tare) control capability.         | * RS-232 computer interface.                       |  |  |
| * Fast/Slow response time push button.                  | * Professional test stand ( optional ).            |  |  |

| SPECIFICATIONS |   |                                 |              |  |  |
|----------------|---|---------------------------------|--------------|--|--|
| Display        | LCD ( Lic   | quid crystal display ).         | Power Supply | 6 x 1.5 V AA (UM-3) size battery           |  |
|                | 5 digits,   | 10 mm ( 0.4" ) digit size.      |              | or DC 9V adapter (not included).           |  |
| Display        | Positive or Reverse direction, select by                |                                 | Power        | Approx. DC 24 mA                           |  |
| Direction      | the push  | button on the front panel.      | Consumption  |  |  |
| Function       | Tension & Compression (Push & Pull).                    |                                 | Transducer   | Exclusive load cell.                       |  |
|                | Normal f  | orce, Peak hold ( Max. load ).  | Operating    | 0°C to 50°C ( 32°Fto 122°F).               |  |
| Peak hold      | Will free:  | ze the display value of the     | Temperature  |  |  |
|                | Peak loa  | d ( Max. load ).                | Operating    | Less than 80% RH.                          |  |
| Zero           | Zero but  | ton can be operated both for    | Humidity     |  |  |
|                | "normal   | force" or "peak hold" operation | Dimension    | 227 x 83 x 39 mm ( 8.9 x 3.3 x 1.5 inch ). |  |
| Measure        | 20.00 Kg/44.10 LB/196.10 Newton.                        |                                 | Weight       | 551 g ( 1.2 LB )/with batteries.           |  |
| Capacity       |   |                                 | Mounting     | Mounting holes are provided on the         |  |
| Resolution     | 0.01 Kg/0.01 LB/0.05 Newton.                            |                                 | Holes        | back case, easy stand mounting.            |  |
| Min. Display   | 0.01 Kg/0.01 LB/0.05 Newton.                            |                                 | Data output  | RS-232 serial computer interface           |  |
| Accuracy       | $\pm$ (0.5 % + 2 d), within 23°C $\pm$ 5°C.             |                                 |              |  |  |
| Unit select    | Kg/LB/Newton  |                                 | Accessories  | Operating manual 1 PC.                     |  |
| Update time    | Fast  | Approx. 0.2 second.             | Included     | Flat-head adapter1 PC.                     |  |
|                | Slow Approx. 0.6 second.  Display show " " when in over |                                 |              | Hook adapter1 PC.                          |  |
| Over range     |   |                                 |              | Cone head adapter1 PC.                     |  |
| Indicator      | range status.   |                                 |              | Chisel head adapter1 PC.                   |  |
| Overload       | Max. 30   | kg.                             |              | 120 mm extension rod1 PC.                  |  |
| Capacity       |   |                                 |              | Carrying case1 PC.                         |  |
| Zero/tare      | Max. full   | capacity.                       | Optional     | * Test stand, Model : FS-1001              |  |
| Control        |   |                                 | Accessories  | * Wedge grip, Model : WG-01                |  |
| Circuit        | Exclusive microprocessor LSI-circuit.                   |                                 |              | * Software for data logging & data         |  |
|                |   |                                 |              | recorder, Model : SW-U801-WIN              |  |
| Full Scale     | Approx.   | 0.4 mm max.                     |              | * RS232 cable available for force gauge.   |  |
| Deflection     |   |                                 |              | Model: UPCB-04.                            |  |

#### **OPTIONAL EQUIPMENT & ACCESSORY**

| OF FIGURE EQUILIFIENT & ACCESSORY |  |  |
|-----------------------------------|--|--|
| TEST STAND                        | Test stand, cooperate with Force gauge FG-20KG, FG-5000A, whole system will          |  |
| Model: FS-1001                    | be become the useful tool for material's tension & compression analysis.             |  |
|                                   | Size: 630 x 250 x 230 mm. Weight: 7.02 Kg ( 15.4 LB ).                               |  |
| Wedge grip                        | Wedge grip, the optional accessory to install to the base of FS-1001 be used to hold |  |
| Model: WG-01                      | the tested material.   |  |
| SW-U801-WIN                       | Software for data logging & data recorder.   |  |
| UPCB-04                           | RS232 cable ( Double femal D9 RS232 cable ) available for FG-20KG-232 or             |  |
|                                   | FG-5000A-232.  |  |

# FORCE GAUGE

Model: FS-1001

ISO-9001, CE, IEC1010

#### **FEATURES**

- Optional; test stand, be connected with FG-5000A, FG-20KG, FG-5000A-232, FG-20KG-232, whole system will be a useful tool for material's tension and compression analysis.
- Size: 650 x 250 x 230 mm.
